FINDING ARTICLES

The library catalog lists books and journals, not the chapters or articles inside them. To find articles on a particular topic, use the **electronic databases** (periodical indexes).

Databases: Browse full text and citations to articles; compilations of electronic versions of journals, abstracts, and indexes.

<http://library.pratt.edu/databases.html>.

Electronic journals: Browse electronic versions of print journals. <http://library.pratt.edu/e-journals.html>.

ARTbibliographies Modern

Abstracts of journal articles, books, essays, exhibition catalogs, dissertations and exhibition reviews with comprehensive bibliographic coverage of modern and contemporary art, architecture, design and photography. The time period coverage includes the 19th and 20th centuries. Covers literature published since 1974. A list of periodicals indexed is available. Updated monthly.

Art Index and Art Index Retrospective

Indexes citations to articles from over 600 journals published worldwide with broad coverage of art-related topics including fine, applied and media arts, architecture, and design. Also indexes reproductions of works of art that appear in the indexed journals. A list of periodical titles for either Art Index or Art Index Retrospective is available. Indexes **Print, ID, Eye and Communication Arts Magazine**.

Design and Applied Arts Index (DAAI)

Indexes over 500 journals that cover industrial design, interior design, fashion, graphic design, typography, packaging, etc., since 1973. Supplementary databases provide contact information for craft & design organizations, special collections of design & craft, design & craft education programs, and periodicals. Online help is available. Coverage is worldwide. Updated annually.

Grove Dictionary of Art

Contains over 41,000 articles on the art and architecture of Asia, Africa, Europe, the Americas and the Pacific, with links to images and further information in museum and other art-related web sites. Help is available.

OmniFile

A multi-disciplinary database providing the complete content - indexing, abstracts, and full text - from six of Wilson's full-text databases: Education Full Text, General Science Full Text, Humanities Full Text, Readers' Guide Full Text, Social Sciences Full Text, and Wilson Business Full Text. Also included, when available, are full-text articles from five additional periodical databases: Applied Science & Technology Full Text, Art Full Text, Biological & Agricultural Index, Index to Legal Periodicals & Books, and Library Literature & Information Science Full Text.

Material ConneXion

An online database of over 1,400 materials and processes of the latest materials typically unnoticed or difficult to reach by the design community. For architecture, interiors, furniture design, sports related design, consumer product design, apparel, automotive design, aerospace, military, medical, environmental design.

JSTOR

A searchable, digitized archive of major scholarly journals in numerous academic fields. Coverage spans the first date of publication to the last three to five years. JSTOR is **not** a current issues database. JSTOR offers researchers the ability to retrieve high-resolution, scanned images of journal issues and pages as they were originally designed, printed, and illustrated.
